

OMICS SCHOOL

for PhD students and Post-docs

21-23 October 2015

Biomedical Research Foundation of the Academy of Athens

The OMICS school, organized by the EU-funded research consortium "NEURINOX", is aiming to provide PhD students and post-docs from across Europe the exciting opportunity to learn the basic principles and applications of Omics technologies; interact with experts in these fields; experience cutting-edge Omics facilities; and get trained on "big data" bioinformatical and statistical analysis.
